**Question Number 1:**

Is this project going to be just painted murals on the wall or is it including metal cut out images?

**Answer Number 1:**

The City of Duluth prefers to limit artwork placement to the spaces above the third baseline steel gates. This was confirmed via email on October 31, 2016 from a representative of the Property and Facilities Management Division of the Department of Public Administration, City of Duluth. Refer to Section I. Project Overview, under the heading *Opportunities for Artwork Placement* for a description of the two spaces where artwork could be installed at Wade Municipal Stadium. Proposed artwork must be durable, low maintenance, permanent, suitable for exterior display with exposure to extreme environmental conditions, safe for both children and adults, and be ADA compliant.
